Soldering & S.M.D. Re-work system 700

Features

- 2 in 1 Soldering system
- Both can be used together & separately switched On/Off
- Powerful starting
- Rapid Heating
- Air volume linear adjustable
- ESD Safe
- Various types of Nozzles & Tips available for different applications

Specifications :

S.M.D. Re-work Section :

Power : 270 W

Air Flow : 24 L / Min. (Max)

Temp., Range : 100 ºC ~ 420 ºC

ISO 9001

HEAVY DUTY

Soldering Section :

Power : 50 W

Temp., Stability : ± 2 ºC

Temp., Range : 200 ºC ~ 480 ºC

Dimension : 225 x 165 x 145 mm. Weight: 5 Kg. Approx. Operation : 220 V AC, 50 Hz

Station has 3 Nozzles & 1 Pointed tip included as standard.
